

Dynaudio Custom Install

In-wall and in-ceiling installations:
authentic Dynaudio speakers, engineered to entertain

P4-C65 2-way in-ceiling

The Dynaudio Custom Architectural Studio range has been engineered without compromise.

We've developed cutting-edge mechanical solutions that solve the problems installers face – making the process as pain-free as possible.

The in-ceiling woofers are angled and rotate a full 360° in their pre-installed frames. Pivoting tweeters mean the sound can be directed exactly where it's needed (and fine-tuning can be done without un-mounting or re-installing any parts).

Plus, the square and round grilles can be rotated to satisfy designers and architects. They're paintable, they cover the whole installation, and they can all be swapped out if the room's design changes.

Dynaudio heritage. Dynaudio craftsmanship... Dynaudio Custom.

In-ceiling (6.5in)

- Direct the sound towards you via pivoting tweeters
- EQ adjustment for the tweeter
- Magnetic paintable round grille (square grille sold as an accessory)
- Tool-free installation: just turn and click
- Shallow depth for tight cavities
- MSP (Magnesium Silicate Polymer) woofer cone
- 1 in coated soft-dome tweeter

P4-C65

SPECIFICATIONS

Dynaudio Custom Architectural Studio range		In-ceiling 6½in
Description		2-way in-ceiling
Drivers	Tweeter	28mm / 1in
	Woofer	165mm / 6½in
Performance	Frequency response (+/- 3dB)	46Hz – 20kHz
	Impedance (nominal/minimum)	8Ω / 5Ω
	Continuous power	40W
	Long-term power	80W
	Sensitivity (dB SPL (2.83V/1m))	87.5
Features	Tweeter level switch	+3dB / 0dB / -3dB
	Tweeter orientation	Pivoting 360
Dimensions	Diameter/depth	232mm / 72mm 9 1/8 / 2 9/16in
	Cut-out dimensions	Diameter 210mm 8 3/4in
Grille	Material	Painted steel
	Options	Round (supplied) / square (optional)
	Attachment	Magnetic
	Paintable	Yes
